The Board recognizes that it is responsible for providing through the budget process the resources necessary to support the school unit’s instructional program. However, the Board acknowledges that student organizations may wish to engage in fundraising in order to support their activities, to provide funding for social events and/or student travel, to benefit the school or community, or for humanitarian purposes.

STUDENT ACTIVITIES FUNDS

Student activities as related to this policy do not include Boosters or school parent run organizations. Revenues collected from gate receipts from athletic competitions, admissions to school entertainment events, profits from school stores, club and class dues, and student organization fundraising activities shall be deposited and accounted for in a student activities fund maintained for each school. Within this fund, separate accounts will be maintained for accounting purposes.

Revenues collected from gate receipts from athletic competitions at the Joan Benoit Samuelson Track and Field shall be deposited into a separate fund for track and field maintenance. These revenues will be considered school unit funds under the direct control of the Superintendent, who may develop and implement procedures relative to these funds, and delegate specific responsibility for deposits, expenditures, and record keeping to the building principals and/or appropriate staff. Procedures for management of student activities funds shall be consistent with sound business and accounting practices.

Student activity funds are to be used only for student activities that augment the school unit’s programs; they are not intended to replace school unit funding for school unit programs and activities. Funds raised by approved student clubs or organizations or from classes shall be expended to benefit the specific club or organization or class. All expenditures from student activities funds must be approved in advance by the administrator/designee.

Such disbursements may include gifts to the school, to a scholarship fund, or used for an activity approved in advance by the principal. All of the class’s outstanding obligations must be paid before the class may expend its remaining funds. Unexpended remaining funds at the end of the calendar year five years after the class has graduated and any interest earned on these funds will be transferred to a scholarship fund from which any graduating student is eligible to benefit.

HOMEWORK

The RSU No. 5 Board believes that homework should be meaningful, engaging, process-oriented, and integrative, while being mindful of the diverse capacities of students. There are several reasons for assigning meaningful homework:

A. Homework is an avenue for families to become involved with education. We know that for schools to do the best possible job educating each student, parents and schools must work together. Homework is one way parents can make a meaningful contribution to helping their sons and daughters achieve. When students see that their parents think education is important, their performance improves.

B. Appropriately designed homework communicates the value of learning as an integrative reflective process. Assigning meaningful homework is one way of letting students develop confidence in their own abilities.

C. In addition to applied learning opportunities homework has the potential to help students develop self-discipline, initiative, and organizational skills. Homework also provides the opportunity to further develop individual interests. Through homework, students learn how to manage their time. Students learn the importance of setting goals and working to achieve them.

D. Homework helps students apply the skills they have been taught in school.

The amount of homework assigned should be gradually increased from grade to grade. As a child advances through school, it is reasonable to expect that the amount of homework can be expected to increase. Using the following guidelines for homework an average of 4 nights per week:

Schools will communicate homework expectations and supports to students and parents/guardians.

Grades K-5: Gradually adding minutes with each grade to a maximum of 60 minutes in grade 5 for all subjects combined;

Grades 6-8: A maximum of two hours per night for all subjects combined; and

Grades 9-12: A maximum of three hours per night for all subjects combined.

Homework should be meaningful, engaging, process-oriented, and integrative, while being mindful of the diverse capacities of students.
