Re: Comprehensive Education Plan

The Board is required to have in place a "Comprehensive Education Plan." This plan contains copies of all state required policies, procedures, forms and other documents. Examples of the components include our Affirmative Action Plan, teacher and administrative certification plans, our Lau Plan and our kindergarten screening process.

Annually, the administrative team updates the Comprehensive Education Plan, as policies and procedures may change due to new regulations.

Each year we ask the Board to affirm our updated Comprehensive Education Plan with a vote from its members.

The Comprehensive Education Plan is available for review by the Board or other members of our school community and is located at the superintendent's office.

Please let me know if you have any questions or concerns.

Edited January 30, 2003
§ 3.03.B Each school administrative unit shall address the education of gifted and talented students as part of the unit’s Comprehensive Education Plan aligned with the standards of the system of Learning Results. Units that offer specialized instruction for gifted and talented students shall do so in compliance with Me. Dept. of Ed. Reg. 104.

§8104.1 Each school administrative unit must, commencing with the 1987-88 school year, establish a plan for phasing in gifted and talented educational programs. A school administrative unit or part of a school administrative unit is not required to comply with the provisions of its plan during the school years beginning in the fall of 2000 and 2001. This act provides school administrative units additional time, until 2002-2003, to update and phase-in their plans for comprehensive opportunities to learn for gifted and talented students, and to align these efforts with the Learning Results and related standards-based reform initiatives that promote challenging standards and high level learning opportunities to support distinguished student achievement.

IMPLEMENTATION OF CAREER PREPARATION, MODERN & CLASSICAL LANGUAGES, VISUAL & PERFORMING ARTS

20-A MRSA § 6209.3 By the end of the 2002-2003 school year, each school administrative unit shall address in the comprehensive education plan, as required in section 4502, subsection 1, how the school administrative unit will implement for all students the content areas of career preparation, foreign languages and visual and performing arts, including interim targets for partial implementation. By the end of the 2006-2007 school year, each local school administrative unit shall implement standards in these additional content areas of the system of learning results, contingent upon funding based on Essential Programs and Services or its equivalent. [This implementation date will be delayed at least one additional year, i.e. 2007-2008, due to the proposed funding formula.] Notwithstanding any other provision of this chapter, the commissioner is authorized to establish rules for inclusion of some portion of the standards in visual and performing arts for the graduating class of 2006-07.

Chapter 127 §7.02 A. (3) Beginning with the 2009-2010 school year, diplomas may be awarded only to students who have successfully met the content standards of all content areas of the system of Learning Results as determined by the local assessment system, and additional diploma requirements as specified in local school board policy. [The implementation date for Career Preparation, Modern & Classical Languages, and Visual & Performing Arts will be delayed at least one additional year, i.e. 2010-2011, due to the proposed funding formula.]

Finance Subcommittee Report

Date: May 16, 2017
Committee: Finance Committee
Chair: John Morang
In attendance: John Morang, Kate Brown, Michelle Lickteig and Dr. Becky Foley
Guests: Dennis Ouellette
Meeting Date: May 10, 2017

Agenda Items and Discussion:

Durham Land:
Dennis Ouellette presented to the committee maps of a piece of land that is owned by the school district off Old County Road in Durham. This piece of land was left the town in the 1800’s to build a one room school house. Currently a neighbor abutting the property would like to expand his campground and would like this piece of property. The property is less than a ¼ acre. It was agreed that Dennis would contact a couple of real estate agents to find out what a fair price would be. The committee will review the value and determine next steps.

Federal Grant Update:
Michelle L. gave out schedules of three separate grants (Title I, Title II and Local Entitlement) to update the committee on the auditor’s report of untimely filings for grant reimbursements. At the time of the meeting, the Local Entitlement grant was completely caught up to date through April 2017. Title I and Title II had an issue from the prior year, which took the State time to fix. Now corrected, Michelle L. has requested reimbursements through September 2016. She continues to request for reimbursements as soon as approvals are made by the State. She expects to be completely caught up by mid-June. Michelle L. explained to the committee that with the current expenditures, she had no doubts that all funds would be collected without any fear of losing funds due to untimely filings.

Other:
Michelle L. talked to the committee about an issue with the budget warrants. The attorney has been putting together all budget documents this year at Michelle L’s request. The attorney called Michelle L. the week before adjusting numbers her numbers in the warrants due to a minimum receivership issue on the ED279 calculation for State Subsidy and Local Tax Contributions. After much thought, research of the cost sharing formula for the RSU and conversations with the attorney, the attorney agreed that the original numbers given to him were correct, not his adjustments. This means that the only incorrect posting of any numbers was in the agenda for May 10, 2017 of the warrants. The corrected warrant articles will be passed out at the May 10 School Board meeting.

Kate had a couple of clarifying questions about the Track and Field funding.

Next Meeting:
June 14, 2017 at the Central Office at 5pm.

Finance Subcommittee Report

Date: May 16, 2017
Committee: Finance Committee
Chair: John Morang
In attendance: John Morang, Kate Brown, Michelle Ritcheson, Michelle Lickteig and Dr. Becky Foley
Guests:
Meeting Date: April 26, 2017 (at Durham Community School)

Agenda Items and Discussion:

Year End Projections:
Michelle L. reviewed with the committee the projections for Fiscal Year 17-18, by state category, showing where expenses for the year will likely end. Included in these figures were the amounts to pre-buy per the Plan A document that the School Board adopted as part of their budget. This allowed us to have a starting point for alternatives for the Track and Field funding discussion that followed.

Track and Field funding:
Dr. Becky Foley then presented to the committee her recommendation to fund the Track and Field project by using a combination of current year projected savings and using fund balance amounts to be put into the Capital Reserve Funds through the current budget process to be used for final payments in the next fiscal year. Michelle R. also gave another scenario with her calculations. Discussion about options and how the funding would take place took up the remainder of the meeting.

Next Meeting:
May 10, 2017 at the Central Office at 5pm.

Executive Summary of Unity/Pride Survey

In November of 2016, RSU5 conducted a Unity and Pride Survey to explore several topics. The purpose was to assess areas where the RSU is strong as well as identify areas for growth. At the same time, we also took the opportunity to explore the possible renaming of Freeport High School.

The survey has been beneficial in many ways. The survey results were utilized in building the FY18 budget. As one example, the Board has adopted a budget that moves toward funding universal Pre-K in all schools. During Board meetings, we have recognized and celebrated student achievements in athletics and performing/visual arts, and we look forward to continuous utilization of the results in strategic planning and creating Board and school goals for 2017/18.

We were pleased with the response rate of the Unity and Pride Survey. We received a total of 1229 surveys. Below is a summary of the findings.

On the question of whether the renaming of the high school would improve unity and pride within the District, 822 (67%) responders strongly disagreed or disagreed with the statement; 180 (15%) responders strongly agreed or agreed that the renaming would improve unity and pride; and 221 (18%) were unsure.

On the question of whether we should rename the high school, 888 (72%) responders strongly disagreed or disagreed that we should rename the high school; 185 (15%) responders strongly agreed or agreed that we should rename the high school; and 155 (13%) were unsure. The Board voted 9-2 to have the name remain Freeport High School at the December Board meeting.

The majority of the people surveyed felt we recognized the achievements of RSU5 students. Seventy-four percent of the respondents felt that celebrating the achievements would create more pride and unity within the community. Most responders believed that athletic achievements were recognized the most (74%), followed by academic achievement (60%) and then visual and performing arts (58%).

On the question of how unique we are in comparison to other districts, the majority of respondents said they were unsure about all of the questions related to uniqueness. Only 29% responded that RSU5 distinguishes itself from other districts overall or in the area of academic programming. Twenty-six percent of respondents believe that we are unique in our athletic programming, and we had the highest positive response in the area of distinguishing ourselves in fine arts programming with 43% responding favorably. Most of the people surveyed fell in the neutral category of how unique we are, with comments that said we don’t necessarily need to make ourselves unique, but need to do a good job of educating our students and have a high-performing district. It seemed that most did not want to concern themselves with comparing our district with others.
On the question of how we should invest future resources, the following response was given:

a. 73% support dual enrollment courses.
b. 72% feel that we should increase internship/mentoring opportunities.
c. 71% support expanding STEAM (science, technology, engineering, arts, mathematics).
d. 68% feel that we should move towards more experiential learning.
e. 63% support offering more advanced placement courses.
f. 61% favor expanding pre-kindergarten.
g. 61% support expanding fine arts programming.
h. 39% are interested in a language immersion program.

Most of the responders supported the expansion of Pre-Kindergarten. There was additional support for increasing experiential learning and broadening internship opportunities. There were no negative comments about either of those topics. Comments about increased advanced placement courses included allowing students to access them before their junior and senior years. Responders also mentioned the need for financial literacy, industrial arts, and home economics. Although these courses are offered, this highlights the need for better communication to parents and students.

Responders also wanted the District to be fiscally responsible with the taxpayers’ money and appreciated the opportunity to give input. Other areas of concern that were mentioned in the comment section of the survey included extra-curricular scheduling conflicts, nutrition, guidance, and athletics. The input from those surveyed has provided valuable feedback for us to reflect on as we continuously strive to improve our District. We want to thank those who took the time to complete the survey. For complete results, please go to the RSU5 website.
Policy Subcommittee Report

Committee: Policy
Meeting Date: June 2, 2017
Chair: Candy deCsipkes
Committee Members in Attendance: Candy deCsipkes, Naomi Ledbetter, Cynthia Alexander

Discussion:

The committee discussed the following topics:
1. How do we ensure that policies are not being tabled due to lack of time?
   - Emailing any policy questions on the upcoming agenda prior to the Board meeting should help ensure more efficiency with the approval process.
   - Could we add policies to the first Board meetings of the month as well?

2. How do we ensure employees have read through the required policies?
   - The Human Resources Coordinator is assigning the policies to be reviewed annually by employees through Target Solutions. There will be a window of time for completion. We piloted this in the fall of 2016 by assigning the required Sexual Harassment Training. This one was in the form of a video with a short quiz at the end. This went very well.

Review of Policies that will be on the 2017-2018 Cycle:

The committee reviewed the list of policies that will be on the 2017-2018 cycle. These will include policies that were last reviewed prior to June of 2013. We also discussed removing (rescinding) some of the policies that are procedures or forms that support a policy. Once rescinded, they would still live as procedures/forms on the website.

Policy Committee Dates for 2017-2018:

All meetings will be held at Central Office from 8:30-10:00 AM. We decided to meet twice a month next year.

RE: Review/Update of Policies – Policy Packet 17-8

At the June 14, 2017 RSU5 Board of Directors Meeting, the following policy will be on the agenda for 2nd Read/A adoption. The Policy is attached

1. IKF – Graduation Requirements
GRADUATION REQUIREMENTS

Before entering high school, students need to know the requirements for attaining a high school diploma in order to plan an appropriate, sequential, educational program to meet that goal.

RSU No. 5 is in the process of implementing proficiency-based teaching and learning and transitioning, over a period of five years, from traditional graduation requirements to proficiency-based diploma requirements.

These new graduation requirements will require that students demonstrate proficiency – provide evidence – that they have achieved expected learning standards, and acquired the knowledge, skills, and work habits that will prepare them for postsecondary education and viable careers.

When fully implemented, these new diploma requirements will require students to demonstrate that they have met the expectations associated with the content standards and Guiding Principles of the Maine Learning Results.

I. DIPLOMA REQUIREMENTS FOR STUDENTS GRADUATING IN THE CLASS OF 2018

A. As a minimum for graduation from high school, students graduating in the Class of 2018 must have completed successfully a total of 22 one-year course equivalents (credits) at the secondary level (grades 9 through 12).

Of these credits, twelve and one-half (12 ½) required credits are specified by the State of Maine. They are:

1. English - 4 credits;
2. Social Studies and History, including one year of American History and Government - 2 credits;
3. Mathematics - 2 credits;
4. Science, including at least one year of laboratory study - 2 credits;
5. Fine Arts, which may include art, music, forensics or drama - 1 credit;
6. Health - 1/2 credit; and
7. Physical Education - 1 credit.

B. In addition, the Board requires the following nine and one-half (9 ½ credits):

1. One year of a world language - 1 credit;
2. A third year of math - 1 credit;
3. A third year of social studies - 1 credit;
4. Two additional years of science - 2 credits;

RSU No. 5 School Department
Page 1 of 10
5. One-half of the P.E. credit must be Foundations of Fitness

6. Four and one-half elective credits.

C. Elective credits may be selected by the student based upon the student's interests, abilities, and the requirements of the field that the student plans to enter upon graduation.

In order for a student to participate in graduation, the student must have successfully completed all of the above-listed requirements.

Alternative Means of Earning Credits
A student who is deficient in these requirements or wishes to meet these requirements through alternative means may earn and apply credits toward graduation in accordance with the provisions of this section.

A student who wishes to meet a credit requirement through an alternative method must have prior written approval as specified through this section. A student may earn credits with prior written approval from his/her guidance counselor and the high school principal as follows:

A. Course work offered through RSU No. 5 Adult Education;
B. Credit obtained through summer school classes;
C. Credit obtained through distance learning/virtual courses;
D. Advanced courses not offered at Freeport High School at a post-secondary institution;
E. Credits obtained through independent study monitored by a Freeport High School teacher; or
F. Or any other academic program approved by the high school guidance and administration.

A student who has failed a course in the above-listed requirements may, with prior approval, receive credit for that course through a successful completion of a post-graduate course, a state approved Adult Education course(s) or a state-approved summer school program. Credit for a marked course may also be received for a correspondence course approved by the High School Principal in advance of registration. The student may participate in the next regular graduation ceremony following successful completion of the requirements.

A student who is granted early admission to an accredited college or university may use college course work for graduation and may thereby graduate with his/her class upon successful completion of the course(s) needed for graduation if he/she requests and is granted permission from the high school principal to do so. A course being used to meet high school graduation requirements must meet minimum high school contact hour requirements and the high school's course outcome requirements.

Middle School Students Earning High School Credit
Middle School students successfully completing high school level courses offered at the high school and taught by high school staff or through a program approved by the high school administration in consultation with appropriate department head will be given one (1) credit (experience) toward graduation.

RSU No. 5 School Department

Veterans of World War II, the Korean Conflict and Vietnam War Era

The School Board recognizes that Maine law provides that a secondary school may award a high school diploma, provided that certain requirements are met, to a person who left secondary school prior to graduation to serve in the Armed Forces during World War II or in the Korean Conflict, or in the Armed Forces during the Vietnam era (February 28, 1961-May 7, 1975). The Board authorizes the Superintendent to develop and implement procedures regarding applications for diplomas, including timelines, and for determining whether veterans have met the criteria established by law. The Superintendent may also determine the time and manner in which a veteran’s diploma may be presented.

II. DIPLOMA REQUIREMENTS FOR STUDENTS GRADUATING IN THE CLASS OF 2019 AND 2020

A. As a minimum for graduation from high school, students graduating in the Class of 2019 and Class of 2020 must have completed successfully a total of 24 one-year course equivalents (credits) at the secondary level (grades 9 through 12).

The transition to proficiency-based diploma requirements will begin with the Class of 2021 and will be completed with the Class of 2025.

A. Communicating Graduation Requirements

To ensure that every student and family has the information and resources they need to appropriately plan and sequence the student’s educational decisions, school administrators and staff will clearly and consistently communicate—prior to entering high school and throughout the student’s educational career—the graduation standards and diploma requirements that must be met to earn a high school diploma.

The superintendent/high school principal will be responsible for ensuring that accurate, up-to-date information concerning all graduation standards and diploma requirements are (1) readily available to all incoming students and their families in the spring preceding the start of each school year, and (2) published on the RSU No. 5’s website. A detailed guide to graduation standards, academic expectations, and diploma requirements will be disseminated to all incoming ninth-grade students prior to the time for course selection. This policy will also be referenced in each edition of the high school student handbook and on the RSU No. 5’s website.

B. Diploma Requirements for the Graduating Classes of 2021-2025
