Board Retreat 2018
August 22, 2018
Freeport High School Library

Time Keeper: Lindsay Sterling
Process Observer: Jen Galletta

Meeting Norms
We agree to avoid words and actions that create a negative impression of an individual, the Board, or District.

The Board will deeply listen to all speakers/presenters.
We agree that we can disagree and will do so using common courtesy and respect for others.

1. Icebreaker - (The Great Wind Blows) People who have... (10 minutes)
2. Review Board Self-Evaluation (30 minutes)
   a. Goal: Reflect on lowest scoring or highly discrepant items
   b. Focus will be on the following items: (1:3, 2:1, 2:10, 3:5a, 5:9, 6:7, 6:9, 7:7, 7:9)
   c. Teacher Voice - Chart with cohort practices
3. Review of 17-18 Board Goals (15 minutes)
4. District Scorecard (30 minutes)
5. Draft New Goals (60 minutes)
6. Review Board Work Plan for 18-19 (20 minutes)
7. Review FY 20 Budget Timeline (15 minutes)
8. E-mail Reminders (10 minutes)
9. Efficient Board Meetings - (20 minutes)
   a. Timed agenda - aim to keep meeting times within 2-3 hours
   b. Committee updates:
      i. Aim to be brief -- highlights rather than going over details (details are available in written minutes).
      ii. Responsibility of board members serving on committee to share highlights of recent activity of their committee (even if not listed on agenda for update, i.e. Region 10, dropout)
c. Board Information & Agenda Requests: board members can propose future agenda items at this time.

d. Board discussion
   i. Ideally, one turn per board member to speak on a topic before moving to a vote
   ii. No excessive back and forth debate between board members

e. Addressing board comments to the chair. If a Board member wants to address another board member, reference “previous speaker” as opposed to addressing individual board members by name as it helps to diffuse members taking things personally.

f. Public comments are for listening. No response should be given during public comment.

g. Action Steps - Board chair will summarize action steps and decisions at the end of agenda item.

10. Reflection of Effectiveness of Retreat (10 minutes)

1. Board takes the time to learn about important issues facing schools through actions such as allowing teachers, students, and administrators to report at meetings.

2. Board discusses and researches events and trends in the larger community that may affect schools.

3. Board reviews district's mission statement.

4. Board recognizes the superintendent as chief executive officer and educational leader of the district.

5. I have been present at board meetings where discussions about values of the district were key factors in reaching a conclusion to a problem.

6. Board communicates its decisions to all affected by them.

7. Board keeps abreast of policies mandated by state and federal law, Department of Public Instruction, attorney general opinions, and the courts.

8. Board establishes and maintains a systematic plan for feedback on policies to determine effectiveness, their worth, and whether they need to be amended, modified, or canceled.

9. Board keeps informed about what children are learning through reports on scholastic achievement, vocational programs, and the impact of extracurricular activities.

10. Board stays aware of its debt limitations and sets priorities based on total financial needs of the system and maintaining an adequate financial reserve.

COMMENTS:

Felt the Board was blindsided by PBE grading trouble at the high school. How could we have better known that the implementation of 1-4 grading was not going well? I believe we heard frequently from administrators on the programs in the schools. Perhaps more communications from teachers and students might round out some of our learning.

**COMMENTS:**

I didn't get paired with a mentor but I have reached out to Michelle on many occasions and she is always willing to talk and has helped me whenever needed. I'm not sure the board discussing their effectiveness would be very effective given the huge range of difference in what members of the board feel is the job of the board. I feel there are number of members who feel micromanaging is the job of the board and I feel others believe supporting leaders in their decisions is the job of the board. Maybe we need a very clear explanation of effective as it pertains to the board.

Need to find a way to more efficiently discuss issues and hear all members thoughts.
### BOARD OF DIRECTORS SELF-EVALUATION FOR SY 2017-2018 (RESPONSES)

#### DIMENSION 3: FINANCE

| Dimension | 1. Equates the income and expenditure of the school system in terms of the quality of education that should be provided and the ability of the community to support such a program. | 2. Takes the leadership role in community support for district priorities. | 3. Understands the basic principles of school finance, including state, federal, and local sources of revenue. | 4a. Provides the opportunity for public input during the budgetary process. | 4b. Engages in a process of establishing budget priorities that includes the public. | 5a. Provides formal and informal opportunities for employees to have input during the budgetary process. | 5b. Engages in a process of establishing budget priorities that includes teachers and administrators. | 6. Monitors the financial status of the school system monthly. | 7. Assures the development of long-range fiscal forecasts based on clearly identified assumptions. | 8. The district has found a proper balance among competing claims: fiscal responsibility, responsiveness to the community, and meeting the needs of all students. | 9. Board identifies liabilities and addresses those through strategic planning. | 10. Board assesses financial strategies from a strategic framework and analyzes progress toward targets. |

**COMMENTS:**

Would like to have a separate line item that shows total consultant cost to the district annually...as it is it feels too “hidden” in the budget so it does not seem transparent, even though there is very very likely nothing to hide.

I am not 100% sure that I understand all of these questions. Overall I believe our finance function is good and reports out frequently to the Board and Finance Committee. Admin are at the center of budget planning and have plenty of access to the board to comment on budget priorities. Not so teachers- we never hear from them.

Is the Superintendent evaluation “policy”?
OVERALL SCORE: 7.4

OVERALL COMMENTS:
I feel that the board wastes lots of valuable time at meetings discussing things that are really not meant for board discussion. As an example, last year when Dennis and his team presented their "professional" plan for brown tail moth, the board had questions, which seems totally appropriate, but then it really seemed to turn into board members trying to come up with new and better ideas on how to combat the problem. I feel questions and comment on items that are just being shared for our information should be limited.

Need to be careful in the upcoming year to make decisions based on what is best for the students, not just to react to concerns raised by parents just for the sake of reacting/popularity. Continue to listen to community members but remember that the teachers and administrators are the experts that provide us the best insight.

Overall I believe this Board performs its duties well. All of its members have been engaged in the process and truly make their decisions by what they feel is best for the children in the district.

Board needs to find a way to consistently include teacher voice BEFORE making decisions that affect what goes on in the classrooms.

Email Reminders

1. **Top Tip:** Do not write anything in an email that you would not want to see as a headline in the paper.

2. The Board Chair will be responsible for responding to any emails addressed to the whole Board or will ask appropriate personnel (e.g., the Superintendent) to do so.

3. Emails that are related to Board business are likely to be regarded as public records, which may be inspected by any person upon request, unless otherwise made confidential by law.

4. Board members should avoid references to confidential information about employees, students, or community members.

5. If there is an issue that needs to be discussed, the phone or person-to-person conversation is much better than putting in an email a conversation that someone might try to use against the Board at a future point in time.

6. Emails should not be used as a substitute for deliberations at Board meetings or for back-and-forth conversations.

7. Emails are an appropriate venue to share information such as an article or other data that could be helpful at a future Board discussion.

8. Do not send something to the whole Board that may be more appropriate for one or two individuals. Informal discussions about school matters in an email among less than a quorum of the Board are allowed, as long as they are not used to defeat the purpose of the Freedom of Access Act.

9. If applicable, school-issued email accounts should always be used for school-related emails. Private email should not be used for school-related emails.

10. If a Board member receives an e-mail from a constituent that he/she is considering forwarding to the whole Board, he/she should forward the email to the Chair/Superintendent and notify the sender that they did so.
RSU 5 Board of Directors - Operating Protocol

In order to enhance teamwork between the board and administration, we the members of the board and superintendent do hereby commit ourselves collectively and individually to the following operating protocol:

1. **Children’s interests come first.** The board will represent the needs and interests of all the children in RSU5.

2. **No surprises.** We agree to not spring surprises on other board members or the superintendent. There should be no surprises at board meetings. We agree to ask the chair or superintendent to place an item on the agenda instead of raising it unexpectedly at a meeting. The superintendent will keep the full board apprised on all matters ahead of meetings. Board members will receive all materials related to agenda items well in advance of a board meeting.

3. **Follow the chain of command.** The last stop, not the first, will be the board. We agree to follow the chain of command and insist others do so. While board member are eager to listen to constituents and staff, each inquiry is to be referred to the person who can handle most properly and expeditiously address it. All personnel complaints and criticism received by the board or its individual members will be directed to the superintendent.

4. **Communicate openly and respectfully.** When communicating about board matters be respectful of the Board. When communicating individual viewpoints, use caution not to undermine the implementation or intention of the majority vote. Be clear when speaking and clarify when you are speaking as a private citizen, as an individual, board member or on behalf of the board. Communication between staff and the board is encouraged as long as it follows policy. The superintendent recognizes that timely and open communication regarding school issues is important.

5. **State goals, clearly.** The board and superintendent will set clear goals for improving district performance and will monitor progress regularly.

6. **Annually conduct a self-assessment / evaluation.** The board will address its performance on an annual basis and address any issues.

7. **Meeting protocol.** Conduct at a board meeting is very important. We desire to have a legacy of a well functioning board. We agree to avoid words and actions that create a negative impression of an individual, the board or district. The Board will deeply listen to all speakers / presenters. We agree that we can disagree and will do so using common courtesy and respect for others.

8. **Board acts only as a body.** Individual board members do not have authority. Only the board as a whole has authority. We agree that individual board members will not take unilateral action. Requests for information by a board member will be shared with all members.

9. **Executive sessions only for appropriate subjects.** The board will hold sessions only when the need arises. Board members will be extremely sensitive to the legal ramifications of their meetings and comments.

10. **Avoid marathon meetings.** To be efficient and effective, long board meetings should be avoided. Points can be made in as few words as possible and speeches at meetings will be minimal. If a board member believes s/he doesn’t have enough information or has questions, you should call the Superintendent or Board Chair before the meeting.

11. **Practice efficient decision-making.** Business meetings are for decision-making, action and votes. We agree to move the question when discussion is repetitive.
