

Finance Subcommittee Report

Date: June 22, 2017

Committee: Finance Committee

Chair: John Morang

In attendance: John Morang, Kate Brown, Michelle Lickteig and Dr. Becky Foley

Guests: Dennis Ouellette

Meeting Date: June 14, 2017

Agenda Items and Discussion:

Durham Land:

Dennis Ouellette presented to the committee a letter from Matt Cartmell of Keller Williams Realty, stating the property was very small and would likely not be usable for the school district. The committee agreed on an amount they were comfortable with for the purchase price and asked Dennis to approach the interested party.

Busing:

It was presented to the committee that BOMAR transportation has approached Dennis stating they will not be able to carry out the contract for Durham busing for FY18. Dennis explored options with BOMAR and Cyr Transportation in trying to lease buses from them. Michelle L. presented the committee with the expenses related to those two options and the option of bringing everything in house. It was agreed that in the long run, money would be saved by bringing that route in house, as well as give consistency by having all transportation operating in the same manner throughout the district.

Next Meeting:

Fall of 2017, schedule to come.
