SERVICE ANIMALS IN SCHOOLS

The Board recognizes that service animals may be used to provide assistance to some persons with disabilities. This policy governs the presence of service animals in the schools, on school property, including school buses, and at school activities.

DEFINITION

As applied to schools, federal and Maine law define a “service animal” as a dog that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. Other species of animals, whether wild or domestic, trained or untrained, are not service animals for the purpose of this definition.

The work or tasks performed by a service animal must be directly related to the individual’s disability. Examples of such work or tasks include, but are not limited to, assisting an individual who is totally or partially blind with navigation and other tasks, alerting an individual who is deaf or hard of hearing to the presence of people or sounds, providing nonviolent protection or rescue work, pulling a wheelchair, assisting an individual during a seizure, alerting an individual to the presence of allergens, retrieving items such as medicine or a telephone, providing physical support and assistance with balance and stability to an individual with a mobility disability and helping a person with a psychiatric or neurological disability by preventing or interrupting impulsive or destructive behaviors.

The crime deterrent effects of an animal’s presence and the provision of emotional support, well-being, comfort or companionship do not constitute work or tasks for the purposes of this definition.

USE OF SERVICE ANIMALS IN SCHOOLS

Use of a service animal by a qualified student with a disability will be allowed in school when it is determined that the student’s disability requires such use in order to have equal access to the instructional program, school services and/or school activities.

Use of a service animal by a qualified employee with a disability will be allowed when such use is necessary to enable the employee to perform the essential functions of his/her job or to enjoy benefits of employment comparable to those of similarly situated non-disabled employees.

The parent/guardian of a student who believes the student needs to bring a service animal to school, or an employee who wishes to bring a service animal to school, must submit a written request to the building principal. The building principal, in consultation with the Section 504 Coordinator or Director of Special Services, as appropriate, and the Superintendent will determine whether or not to permit the service animal in school.
Before a service animal shall be permitted in school or on school property, the student’s parent or the employee must provide:

A. A description of the function(s) the service animal is expected to perform in assisting the person with a disability;

B. Documentation of liability insurance;

C. A copy of the animal’s current license and tag identifying it as a service animal (if applicable);

D. Current certification from a veterinarian that the animal is in good health;

E. Proof of current rabies vaccination;

F. Certification of the service animal’s training by a recognized agency or organization and/or demonstration of training; and

G. Evidence that the student or employee can appropriately supervise, care for, and control the animal at school, or, depending upon the circumstances involved, that there is a plan for some other person other than school unit staff, to be present to care for and control the animal.

Parents or animal handlers who will be present in school for the purpose of assisting a student with his/her service animal will be required to submit to a sex offender registry and criminal background check. In addition, parents and handlers must comply with all standards of conduct that apply to school employees and volunteers.

The school unit may impose additional conditions on the presence of a service animal, depending upon the circumstances.

The building principal may remove or exclude a service animal from the school or school property if:

A. The presence of the animal poses a direct threat to the health and safety of others;

B. The animal significantly disrupts or interferes with the instruction program, school activities, or student learning;

C. The presence of the animal would require a fundamental alteration of any school program;

D. The student, employee or handler is unable to fully control the animal;

E. The student, employee or handler fails to appropriately care for the animal, including feeding, exercising, taking outside for performance of excretory functions, and cleaning up;

RSU No. 5 School Department
Page 2 of 3
F. The parents or employee fails to provide the required documentation; and

G. The animal fails to consistently perform the function(s)/service(s) for which it has been trained and brought to school.

A parent or employee whose service animal has been removed or excluded may appeal the decision to the Superintendent. If dissatisfied with the Superintendent’s decision, the parent or employee may appeal to the Board.

SERVICE ANIMALS AT SCHOOL-SPONSORED EVENTS

Individuals with disabilities may be accompanied by their service animals to events or activities open to the public that are held in schools or on school property. The use of a service animal may not be conditioned on the payment of a fee or security deposit, but the individual is liable for any damage done to the premises or facilities by such an animal.

The building administrator may revoke or exclude the service animal only if the animal poses a direct threat to the health and safety of others, the use of the animal would result in substantial physical damage to the property of others, or would substantially interfere with the reasonable enjoyment of the event or activity by others.

SYSTEM-WIDE STUDENT CODE OF CONDUCT

Ethical and responsible student behavior is an essential part of the educational mission of our schools. To that end, the Board has developed this System-Wide Code of Conduct with input from school staff, students, parents and the community. The Code defines our expectations for student behavior and provides the framework for a safe, orderly and respectful learning environment.

Article 1—A. Standards for Ethical and Responsible Behavior

The Code of Conduct is intended to support and encourage students to meet the following state-wide standards for ethical and responsible behavior:

- Respect
- Honesty
- Compassion
- Fairness
- Responsibility
- Courage

Article 2—B. Code of Conduct

All students are expected to comply with the Code of Conduct and all related Board policies and school rules. The Code applies to students:

- on school property,
- while in attendance at school or at any school-sponsored activity, or
- at any time or place that such conduct directly interferes with the operations, discipline or general welfare of the school environment.

Article 3—C. General Behavior Expectations

The following expectations for student behavior are fundamental to a safe, orderly and respectful environment in our schools. Each student should:

1. Be courteous to fellow students, staff and visitors.
2. Respect the rights and privileges of other students and school staff.
3. Obey all Board policies and school rules governing student conduct.
4. Follow directions from school staff.
5. Cooperate with staff in maintaining school safety, order and discipline.
6. Attend school regularly.

8. Respect the property of others, including school property and facilities.
9. Refrain from cheating or plagiarizing the work of others.
10. Refrain from vulgarity, profanity, obscenity, lewdness, and indecency.

Article 4—D. Discipline

Violations of the Code of Conduct may result in positive and restorative interventions and/or disciplinary action. Administrators have the discretion to tailor discipline to the facts and circumstances of the particular case. Consequences will range from a verbal warning for minor misconduct up to and including expulsion for the most serious offenses. Behavior that also violates the law may be referred to law enforcement authorities.

See Policies:

JK—Student Discipline
JKB—Detention of Students
JKD—Suspension of Students
JKE—Expulsion of Students

Article 5—E. Expectations Related to Policy

The following lists Board adopted policies related to expectations for student behavior. It is a summary of the school unit's expectations for student behavior. In many cases, the Board has adopted policies that address these expectations in greater detail. Students, parents and others should refer to the policies and student handbooks for more detailed information about the expectations and consequences. In case of an inconsistency between this Code of Conduct, Board policies and/or school handbooks, Board policies will prevail.

A. Violence and Threats

Students shall not engage in violent or threatening behavior. Prohibited behavior includes fighting, assault and/or battery, taking hostages, threats to commit violence against persons or property, or threats, intimidation, or harassment. Violations may result in disciplinary action up to and including expulsion.

See Policies:

JICA—Weapons, Violence and School Safety
JICK—Bullying
EBCC—Bomb Threats

B. Weapons

Students shall not possess or use weapons of any kind (examples include but are not limited to firearms, explosives, and knives). Students also shall not use any object,
although not necessarily designed to be a weapon, to inflict bodily harm and/or to threaten, intimidate, coerce or harass another person (examples include but are not limited to bats, lighters, tools and toy weapons). Firearms violations will result in expulsion in accordance with state and federal statutes; other weapons violations may result in disciplinary action up to and including expulsion.

See Policies:

JICIA—Weapons, Violence and School Safety
JCK—Bullying

C. Hazing

Hazing is prohibited. Maine law defines injurious hazing as "any action or situation, including harassing behavior that recklessly or intentionally endangers the mental or physical health of any school personnel or a student enrolled in a public school." No student shall plan, encourage or engage in such activities in connection with any school program or activity, including extracurricular, co-curricular and athletic activities. Students who engage in hazing activities are subject to suspension, expulsion and/or other appropriate disciplinary measures.

See Policy—ACAD—Hazing

D. Discrimination and Harassment/Sexual Harassment

Students should not discriminate against other students on the basis of race, color, sex, religion, ancestry, national origin or disability. Nor should students harass one another on the basis of race, color, sex, sexual orientation, religion, ancestry, or national origin or disability. Sexual harassment is also prohibited. Harassment is grounds for disciplinary action up to and including expulsion.

See Policies:

AG—Nondiscrimination
AGAA—Harassment and Sexual Harassment of Students

E. Bullying

Students shall not engage in bullying behavior, including unwanted physical contact, acts or communications of any kind that: 1) damage a student’s property; place a student in reasonable fear of physical harm and/or damage his/her property; and/or disrupt the instructional program or the orderly operation of the school; and/or 2) is so severe that it creates a hostile educational environment for the student who is bullied. Violations may result in disciplinary action up to and including expulsion from school.

See Policy—JICIA—Weapons, Violence and School Safety
F. Drug and Alcohol Use

Students shall not distribute, possess, use or be under the influence of any alcoholic beverage, drug, look-alike substance or other prohibited materials and/or substances as described in Board policy. Violations may result in disciplinary action up to and including expulsion from school.

G. Tobacco Use and Vaping

Students shall not smoke, use, possess, sell or distribute any tobacco products. This prohibition also applies to e-cigarettes and products and paraphilia associated with “vaping.” Violations of this policy may result in disciplinary action up to and including suspension from school.

See Policy—JCC—Student Conduct on School Buses

I. Computer Technology/Internet Use

Students may use school computers, technology devices, networks and Internet services only for educational purposes and other purposes authorized by the school unit. **F. Athletic/Co-Curricular Activities**

Students must follow all RSU No. 5 Board policies and school rules while participating in athletics and co-curricular activities. Students who violate policies and rules may be subject to suspension or removal from the team/activity as well as additional disciplinary action under applicable Board policies and/or school rules.

**Article 6—G. Removal of Disruptive/Violent/Threatening Students**

1. Students who are disruptive, violent or threatening death or bodily harm to others may be removed from classrooms, school buses, or other school property when necessary to maintain order and safety. The staff member who orders the student
removed should arrange to have the student escorted to the office or other designated location.

2. If a student does not comply with a staff member's order to leave, the staff member will contact an administrator, or, if not available, another suitable person, who shall respond promptly.

3. Staff members should not use physical force or restraint, except to the minimum extent necessary to protect any person from imminent physical harm. Staff members are not required to take action that puts them at risk of serious injury.

4. The responding administrator will take appropriate action. If the student fails to obey verbal directions, force or restraint may be used only to the minimum extent necessary to protect any person from imminent physical harm or to quell a disturbance. Whenever practicable, law enforcement should be called to restrain or physically remove the non-compliant student. The administrator may invoke the school unit’s crisis response plan if appropriate.

Article 7 — H. Special Services

1. Referral. The school unit has adopted policies and procedures for determining when a student shall be referred for special services.

See Policies:

IHBA—Referral/Pre-Referral Policy of Students with Disabilities

2. Review of Individual Educational Plan. The school shall schedule an IEP meeting to review the IEP of a student who has been removed from class when: a) school officials and/or the parent believes the student may present a substantial likelihood of injury to himself/herself or other; b) the class removals are sufficient to constitute a change in the student's special education program; or c) school officials or the parent believes that the student's behavior may warrant a change in educational programming.

See Policy—JKF—Disciplinary Removals of Students with Disabilities

Article 8 — I. Referrals to Law Enforcement Authorities

The Superintendent and administrators have the authority to seek the assistance of law enforcement authorities when there is a substantial threat to the safety of the schools, students or staff. The Superintendent/administration may also inform law
enforcement authorities when they have reason to suspect that a student or staff member may have violated a local, state or federal statute. All serious offenses, as determined by the Superintendent, must be reported to law enforcement authorities.

VISITORS TO THE SCHOOLS

The Board of Directors encourages the active interest and involvement of parents and citizens in the public schools. In order to avoid interruption of the instructional program and to promote the safety of students and staff, the building principal shall institute administrative procedures concerning visitors to the schools. Such procedures shall be subject to the approval of the Superintendent.

The following general guidelines shall be incorporated in all building-level administrative procedures concerning visitors.

A. The term “visitor” shall apply to any person on school grounds or in school buildings who is not an employee or student of the school unit.

B. All visitors shall report to the main office upon arrival at the school. This section shall not apply to parents or citizens who have been invited to the school for an open house, performance or other preplanned school program.

C. All visitors who wish to visit classrooms, observe aspects of the instructional program or meet with staff members are expected to schedule such visits in advance. Teachers and other staff may not use instructional time to discuss individual matters with visitors.

D. Individual Board members shall follow the same procedures as other visitors, and state whether they are visiting the schools on personal business or in connection with Board duties.

E. Visitors shall comply with all applicable Board policies and school rules. Visitors who violate these policies/rules and/or disrupt the safe and orderly operation of the school shall be asked to leave the premises.

F. The building administrator/designee has the authority to refuse entry to school grounds or buildings to persons who do not have legitimate, school-related business and/or who may disrupt the operations of the schools. This may include, but not be limited to, the news media, profit-making businesses, fundraisers and other organizations seeking access to students and/or staff.

G. School staff shall report unauthorized persons on school grounds or in school buildings to the building administrator/designee. Unauthorized persons shall be directed to leave the premises immediately.

H. The building administrator/designee may request the assistance of law enforcement as necessary to deal with unauthorized persons or violations of the law by visitors to the schools.

RELATIONS WITH LAW ENFORCEMENT AUTHORITIES

The Board of Directors recognizes that a cooperative relationship with law enforcement authorities is desirable for the protection of students and staff, maintaining a safe school environment, and safeguarding school property.

School administrators and staff shall have the primary responsibility for maintaining proper order in the school and for disciplining students for violations of Board policies and school rules. However, the Board authorizes the Superintendent/administration to seek the assistance of law enforcement authorities when they believe there is a substantial threat to the welfare and safety of the schools, students and/or staff. The Superintendent/administration shall also inform law enforcement authorities when they have reason to suspect that a student or staff member may have violated a local, state or federal law.

The Board strongly discourages law enforcement authorities from using the schools as a venue to arrest and/or interrogate students for activities not related to or affecting the schools. The Superintendent/administration retain the authority to deny law enforcement access to students for non-school-related investigations.

The Board authorizes the Superintendent and administration to work with local law enforcement authorities to develop administrative procedures to guide interactions between the schools and law enforcement. Such procedures should safeguard the rights of students and parents, be consistent with Board policies, and minimize disruptions to the instructional program. These administrative procedures are subject to the approval of the Board.

The Superintendent shall include law enforcement authorities in the development and implementation of the school unit’s crisis response plan. The Board also encourages the Superintendent/administration to include law enforcement authorities in the development and/or implementation of instructional programs/activities related to student safety.

The following procedures are intended to guide the involvement of law enforcement authorities in the schools:

A. Law enforcement officials may enter school premises:
   1. In the event of an emergency endangering student or staff safety;
   2. At the request of school administrators/designee
   3. When there is a warrant to arrest a student which cannot be executed outside of school hours. School administrators/designee are not obligated to make students or school facilities available to law enforcement for non-school-related investigations/arrests;
   4. In exigent circumstances as authorized by law.

B. School administrators/designee shall attempt to contact the student’s parents/guardians prior to allowing law enforcement authorities to interrogate, search or arrest a student at school, except when there are reasonable grounds to believe that a health or safety emergency requires the interrogation, search or arrest to take place without prior notice.

D. A student may be removed from school by law enforcement authorities when there is a court order, an arrest warrant or when a warrantless arrest is authorized by law.
