RE: Policy Review – April 27, 2018 Meeting

The Policy Sub-Committee is scheduled to meet on Friday, April 27, 2018 at 8:30 a.m. at the RSU5 Central Office.

Agenda
JL – Student Wellness
IHCDA – Post-Secondary Enrollment Options
JEAn – Compulsory Attendance
STUDENT WELLNESS

The Board recognizes that student wellness and good nutrition are related to students' physical and psychological well-being and their readiness to learn. The Board is committed to providing a school environment that supports student wellness, healthy food choices, nutrition education, and regular physical activity. The Board believes that students who learn and practice healthy lifestyles in their formative years may be more likely to be conscious of the importance of good nutrition and exercise as adults, practice healthy habits, and reduce their risk of obesity, diabetes and other chronic diseases.

Nutrition Standards

The school unit will ensure that meals provided by its Food Services Program meet the nutrition standards established by federal regulations.\(^1\) Sales of foods and beverages that compete with the school lunch program (and/or school breakfast program) must be in compliance with the Board’s policy EFE, Competitive Food Sales/Sales in Competition with the School Food Services Program.

Assurance

This policy serves as assurance\(^2\) that school unit guidelines for reimbursable meals are not less restrictive than regulations and guidance issued by the Secretary of Agriculture pursuant to the National School Lunch Act and the Child Nutrition Act.

Nutrition Education

Nutrition education will be integrated into the instructional program through the health education program and/or the curriculum as aligned with the content standards of Maine’s system of Learning Results. Nutrition education should focus on skills students need to adopt and maintain healthy eating behaviors. Students should receive consistent nutrition messages throughout the schools, including classrooms, cafeteria, and school-home communications.

Physical Activity

The school unit will strive to provide all students developmentally appropriate opportunities for physical activity through physical education classes, recess periods for elementary school students, and extracurricular activities (clubs, intramural and interscholastic athletics). School programs are intended to build and maintain physical fitness and to promote healthy lifestyles. The schools should encourage parents to support their children’s participation in physical activities, including available before- and after-school programs.

---

\(^1\) Title 7-U.S. Department of Agriculture, Chapter II-Food and Nutrition Service, Department of Agriculture, Part 210-National School Lunch Program (7 C.F.R. § 210).

Other School-Based Wellness Activities

The schools, with prior approval of the Superintendent/designee, may implement other appropriate programs that support consistent wellness messages and promote healthy eating and physical activity.

The Board may approve policy, regulations or guidelines for refreshments served at parties or celebrations during the school day or for food as rewards, or may delegate the responsibility for such regulations or guidelines to administrators at the district or school level.

The school unit may develop programs that encourage staff to learn and engage in healthy lifestyle practices.

Implementation and Monitoring

The Superintendent/designee shall be responsible for the implementation or the wellness policy, for monitoring efforts to meet the intent of this policy, and for reporting to the Board on an annual basis.

Monitoring may include surveys or solicitation of input from students, parents, staff, and school administrators.

Reports may include, but are not limited to:

A. The status of the school environment in regard to student wellness issues
B. Evaluation of the school food services program and compliance with nutrition guidelines
C. Summary of wellness programs and activities in the schools
D. Feedback from students, parents, staff, school administrators and wellness committee
E. Recommendations for policy, program or curriculum revisions

Appointment and Role of the Wellness Committee

The Board shall appoint a district-wide Wellness Committee comprised of at least one of each of the following:

A. Board member;
B. School administrator;
C. Food Services Director/designee;
D. Student representative;
E. Parent representative; and/or
F. Community representative.

The Wellness Committee may also include:
A. School nurse;
B. Teacher(s);
C. Guidance counselor;
D. Social worker;
E. Community organization or agency representative;
F. Other staff, as designated by the Board; and/or
G. Other persons, as designated by the Board

The Wellness Committee shall serve as an advisory committee in regard to student wellness issues and will be responsible for making recommendations related to the wellness policy, wellness goals, administrative or school regulations and practices, or raising awareness of student health issues.

With the prior approval of the Superintendent/designee, the Wellness Committee may survey parents, students and the community and/or conduct focus groups or community forums.

The Wellness Committee shall provide periodic reports to the Superintendent/designee and, as requested, to the Board.

Wellness Goals

The Board has identified the following goals associated with student wellness:

Goals for Nutrition Education

The schools will provide nutrition education that focuses on the skills students need to adopt and maintain healthy eating behaviors.

The schools’ nutrition education will be provided in a sequential, comprehensive health education program aligned with the content standards of the Maine system of Learning Results.
Nutrition education will be integrated into other subjects as appropriate to complement, not replace, the health education program.

The school unit will provide foods that meet or exceed the federal nutrition standards, adequate time for students to obtain food and eat, lunch scheduled at appropriate hours of the day (OR: as close to the middle of the school day as possible), adequate space to eat, and a clean and safe meal environment.

Consistent nutrition messages will be disseminated throughout the school unit in the classroom, the cafeteria, and school-home communications.

Administrators and staff will be encouraged to model nutritious food choices and eating habits.

Appropriate professional development will be provided for food services staff.

**Goals for Physical Activity**

The physical education program will provide students with the knowledge and skills needed to be physically fit and take part in healthful physical activity on a regular basis.

Students will develop motor skills and apply them to enhance their coordination and physical performance.

Students will demonstrate responsible personal and social behaviors in physical activity settings.

The physical education curriculum will be aligned with the content standards of the Maine system of Learning Results.

Physical education classes will keep all students involved in purposeful activity for a majority of the class period.

Physical education classes will provide opportunity to learn for students of all abilities.

The schools will provide a physical and social environment that encourages safe and enjoyable physical activity and fosters the development of a positive attitude toward health and fitness.

The schools will provide facilities adequate to implement the physical education curriculum for the number of students served.

Schools will promote efforts to provide opportunities for students to engage in age-appropriate activities on most days of the week in both school and community settings.
The schools will provide opportunities for physical activity through a variety of before-and/or after-school programs including, but not limited to, intramural sports, interscholastic athletics and physical activity clubs.

Appropriate professional development will be provided for physical education staff and other staff involved in the delivery of such programs.

**Goals for Other School-Based Activities**

Goals of the wellness policy will be considered when planning school or classroom parties, celebrations or events.

Parents will be encouraged to provide nutritionally sound snacks from home and food for classroom parties or events.

Schools will encourage maximum participation in school meal programs.

Schools will encourage parents and students to take advantage of developmentally appropriate community-based after-school programs that emphasize physical activity.

The schools will encourage parents to support their children's participation in physical activity, to be physically active role models, and to include physical activity in family events.

As feasible, school physical activity facilities will be made available after school hours for student, parent and community use to encourage participation in physical activity.

School administrators, staff, parents, students and community members will be encouraged to serve as role models in practicing healthy eating and being physically active, both in the school environment and at home.

Student organizations will be encouraged to engage in fundraising projects that are supportive of healthy eating and student wellness.

School-based marketing of foods and beverages, such as through advertisements in school publications, school buildings, athletic fields, and other areas accessible to students should support the goals of the wellness policy.

The schools are encouraged to cooperate with agencies and community organizations to support programs that contribute to good nutrition and physical activity.

STUDENT WELLNESS

The Board recognizes that student wellness and good nutrition are related to students’ physical and psychological well-being and their readiness to learn. The Board is committed to providing a school environment that supports student wellness, healthy food choices, nutrition education, and regular physical activity. The Board believes that students who learn and practice healthy lifestyles in their formative years may be more likely to be conscious of the importance of good nutrition and exercise as adults, practice healthy habits, and reduce their risk of obesity, diabetes and other chronic diseases.

Nutrition Standards

The school unit will ensure that meals provided by its Food Services Program meet the nutrition standards established by the National School Lunch Program, the School Breakfast Program, and other applicable Federal child nutrition programs.

Other foods and beverages sold or available to students during the school day (“competitive foods”) will meet the federal Smart Snacks guidelines.

Water

To promote hydration, free, safe, unflavored drinking water will be available to students throughout the school day, including mealtimes, at every school.

Nutrition Education

Nutrition education will be integrated into the instructional program through the health education program and/or the curriculum as aligned with the content standards of Maine’s system of Learning Results. Nutrition education should focus on skills students need to adopt and maintain healthy eating behaviors. Students should receive consistent nutrition messages throughout the schools, including classrooms, cafeteria, and school-home communications.

Nutrition Promotion

Schools will support healthful eating by students and encourage parents/guardians to provide healthy meals for their children by providing consistent nutrition messages and information and by cooperation with other agencies and organizations.
Staff Qualifications and Professional Development

All school nutrition program directors, managers and staff will meet or exceed hiring and annual continuing education/training requirements in the USDA standards for school nutrition professionals.

Physical Activity

The school unit will strive to provide all students developmentally appropriate opportunities for physical activity through physical education classes, recess periods for elementary school students, and extracurricular activities (clubs, intramural and interscholastic athletics). School programs are intended to build and maintain physical fitness and to promote healthy lifestyles. The schools should encourage parents to support their children’s participation in physical activities, including available before- and after-school programs.

Other School-Based Wellness Activities

The schools, with prior approval of the Superintendent/designee, may implement other appropriate programs that support consistent wellness messages and promote healthy eating and physical activity.

The Board delegates to the Superintendent/designees the responsibility for developing regulations or guidelines for “healthy celebrations” (refreshments served at parties or celebrations during the school day), and the use of food as rewards in the instructional program.

The school unit may develop programs that encourage staff to learn and engage in healthy lifestyle practices.

Leadership

The Superintendent/designee shall be responsible for the oversight of development and implementation of the wellness policy in the schools. This includes ensuring that the school unit evaluates its schools’ compliance with the wellness policy and progress in attaining wellness goals and making required information available to the public.

The evaluation process must include a comparison of the wellness plan with model local wellness policies, and it may include surveys or solicitation of input from students, parents, staff, and school administrators, including suggestions for improvement in specific areas.
Annual Notification of Policy

The school unit will annually inform families and the public of basic information about the wellness policy, including its content, any updates, and implementation status. This information will be made available on the school unit’s website. It will include the contact information for the person coordinating the wellness committee as well as information about opportunities for the public to get involved with the wellness committee.

Triennial Progress Assessments

Every three years, the Director of School Nutrition will:

Assess extent to which the school unit’s schools are in compliance with the wellness policy;

Assess the extent to which the school unit’s wellness policy compares to model wellness policies; and

Provide a description of the progress made in attaining the goals of the school unit’s wellness policy.

The school unit’s wellness committee will update the wellness policy based on the results of the triennial assessment and/or as:

The school unit’s priorities change;

Community needs change;

Wellness goals are met;

New evidence-based health science emerges; or

New or updated Federal or State regulations are issued.

Parent Communications

The school unit will inform parents of improvements that have been made to school meal standards; availability of child nutrition programs and how to apply; the school unit’s meal charging policy; and a list of healthy celebration party ideas (including a list of foods and beverages that meet the Smart Snacks standards).
Food and Beverage Marketing in Schools

Any foods and beverages marketed or promoted to students on the school campus during the school day will meet or exceed the USDA Smart Snacks standards. Food and beverage marketing includes but is not limited to:

- Brand names, logos or tags, except those that are present as labels on the food or beverage product or its container;
- Displays, such as vending machine exteriors;
- Corporate brands logos, names or trademarks on school equipment such as message boards or scoreboards;
- Corporate brands, logos, names or trademarks on cups used for beverage dispensing, menu boards, coolers, trash cans and other food service equipment;
- Corporate brands, logos, names or trademarks on posters, book covers, or school supplies distributed or offered by the school unit; or
- Advertisements in school publications or school mailings; or on product coupons or free samples.

Corporate brand names, logos and trademarks for *companies* that market products that comply with the USDA Smart Snacks in School nutrition standards will not be prohibited solely because they offer some noncompliant food or beverage items in their product line.

Nothing in this policy shall require immediate replacement of scoreboards or other durable equipment. When reviewing existing contracts or replacing these items over time when necessary and/or financially feasible, decisions should reflect the marketing considerations articulated in this policy.
Appointment and Role of the Wellness Committee

The Board shall appoint a district-wide Wellness Committee comprised of at least one of each of the following:

A. Board member;
B. School administrator;
C. Food Services Director/designee;
D. Student representative;
E. Parent representative; and/or
F. Community representative.

The Wellness Committee may also include:

A. School nurse and/or other school health professional;
B. Physical education teacher;
C. Guidance counselor;
D. Social worker;
E. Community organization or agency representative;
F. Other staff, as designated by the Board; and/or
G. Other persons, as designated by the Board.

The Wellness Committee shall serve as an advisory committee in regard to student wellness issues and will be responsible for making recommendations related to the wellness policy, wellness goals, administrative or school regulations and practices, or raising awareness of student health issues.

With the prior approval of the Superintendent/designee, the Wellness Committee may survey parents, students and the community and/or conduct focus groups or community forums.
The Wellness Committee shall provide periodic reports to the Superintendent/designee and, as requested, to the Board.

**Wellness Goals**

The Board has identified the following goals associated with student wellness:

**Goals for Nutrition Education**

The schools will provide nutrition education that focuses on the skills students need to adopt and maintain healthy eating behaviors.

The schools’ nutrition education will be provided in a sequential, comprehensive health education program aligned with the content standards of the Maine system of Learning Results.

Nutrition education will be integrated into other subjects as appropriate to complement, not replace, the health education program.

The school unit will provide foods that meet or exceed the federal nutrition standards, adequate time for students to obtain food and eat, lunch scheduled at appropriate hours of the day **(OR: as close to the middle of the school day as possible)**, adequate space to eat, and a clean and safe meal environment.

Appropriate professional development will be provided for food services staff.

**Goals for Nutrition Promotion**

School unit staff will cooperate with agencies and community organizations to provide opportunities for nutrition-related student projects and learning experiences.

Consistent nutrition messages will be disseminated throughout the school unit in the classroom, the cafeteria, and school-home communications.

Administrators and staff will be encouraged to model nutritious food choices and eating habits.

Schools will encourage parents/guardians to provide healthy meals and snacks for their children though take-home materials or other means.
Students will have access to clean and safe drinking water throughout the school day and during school activities.

Schools will promote consumption of water as an essential element in maintaining overall health and wellness.

Goals for Physical Activity

The physical education program will provide students with the knowledge and skills needed to be physically fit and take part in healthy physical activity on a regular basis.

Students will develop motor skills and apply them to enhance their coordination and physical performance.

Students will demonstrate responsible personal and social behaviors in physical activity settings.

The physical education curriculum will be aligned with the content standards of the Maine system of Learning Results.

Physical education classes will keep all students involved in purposeful activity for a majority of the class period.

Physical education classes will provide opportunity to learn for students of all abilities.

The schools will provide a physical and social environment that encourages safe and enjoyable physical activity and fosters the development of a positive attitude toward health and fitness.

The schools will provide facilities adequate to implement the physical education curriculum for the number of students served.

Schools will promote efforts to provide opportunities for students to engage in age-appropriate activities on most days of the week in both school and community settings.
The schools will provide opportunities for physical activity through a variety of before- and/or after-school programs including, but not limited to, intramural sports, interscholastic athletics and physical activity clubs.

Appropriate professional development will be provided for physical education staff and other staff involved in the delivery of such programs.

Goals for Other School-Based Activities

Goals of the wellness policy will be considered when planning school or classroom parties, celebrations or events.

Parents will be encouraged to provide nutritionally sound snacks from home and food for classroom parties or events.

Schools will encourage maximum participation in school meal programs.

Schools will encourage parents and students to take advantage of developmentally appropriate community-based after-school programs that emphasize physical activity.

The schools will encourage parents to support their children’s participation in physical activity, to be physically active role models, and to include physical activity in family events.

As feasible, school physical activity facilities will be made available after school hours for student, parent and community use to encourage participation in physical activity.

School administrators, staff, parents, students and community members will be encouraged to serve as role models in practicing healthy eating and being physically active, both in the school environment and at home.

Student organizations will be encouraged to engage in fundraising projects that are supportive of healthy eating and student wellness.

School-based marketing of foods and beverages, such as through advertisements in school publications, school buildings, athletic fields, and other areas accessible to students should support the goals of the wellness policy.
The schools are encouraged to cooperate with agencies and community organizations to support programs that contribute to good nutrition and physical activity.

PLEASE NOTE: MSMA sample policies and other resource materials do not necessarily reflect official Association policy. They are not intended for verbatim replication. Sample policies should be used as a starting point for a board’s policy development on specific topics. Rarely does one board’s policy serve exactly to address the concerns and needs of all other school units. MSMA recommends a careful analysis of the need and purpose of any policy and a thorough consideration of the application and suitability to the individual school system.

MSMA sample policies and other resource materials may not be considered as legal advice and are not intended as a substitute for the advice of a board’s own legal counsel.
POST-SECONDDARY ENROLLMENT OPTIONS

The intent of this policy is to establish the requirements for student enrollment in post-secondary courses taken before high school graduation in RSU No. 5.

Eligible Institutions

Students may take courses at eligible post-secondary institutions within Maine, which include the University of Maine System, the Vocational Technical Community College System and Maine Maritime Academy.

Students may be allowed to take courses at private colleges or other institutions at their own expense.

Student Eligibility Requirements

A student may take no more than one two courses per semester and two four courses per academic year.

A student must meet the following criteria prior to enrolling in a post-secondary course:

A. Have a minimum of a "B" average as defined by RSU No. 5 in his/her courses overall;

B. Meet the course admission standards of the eligible institution;

C. Provide evidence of parent/guardian approval for taking the course; and

D. Obtain approval from the principal and guidance counselor. The student must meet with his/her guidance counselor to develop a plan describing how the course will help the student meet graduation requirements in order to obtain approval.

Exceptions to Eligibility Requirements

A student enrolled in grade 11 or 12 who does not meet the "B" average in his/her courses overall is eligible to take a post-secondary course provided that he/she:

A. Has been assessed and received a recommendation to take the course from the school administration; and

B. Has been approved for participant in the course by the eligible institution.
Awarding of Credits

The eligible institution shall grant full credit to any student who successfully completes a course.

One high school graduation credit for a three-credit course taken under this policy shall be awarded as follows:

A. The course must meet for a minimum of one semester.

B. The course must meet any applicable standards.

C. The student must earn a passing grade in the course, which will be documented as a P for Pass on the high school transcript.

D. Attendance must satisfy the instructor’s requirements.

If the above criteria is met, the student shall receive one high school credit for each three credit course. The high school transcript will reflect a passing grade as a P for Pass, and a failing grade as an F. Neither will be calculated in the student’s GPA.

Financial Assistance

A. The Maine Department of Education shall pay applicable tuition costs for any student enrolled in a course under this policy if the eligible institution requires tuition payment.

B. The student and his/her parent/guardian are responsible for paying for all textbooks, course fees and transportation costs.

School Unit Reporting Requirements

The Superintendent shall ensure that information concerning post-secondary enrollment options is made available to parents and students.

Adopted: July 8, 2009
Reviewed: November 28, 2012
COMPULSORY ATTENDANCE

Under state law, full-time school attendance is required of all children from their 7th to their 17th birthday except:

A. A person who graduates from high school before their 17th birthday;

B. A person who has:

1. Reached the age of 15 years or completed the 9th grade;

2. Permission to leave school from that person’s parent;

3. Been approved by the principal for a suitable program of work and study or training;

4. Permission to leave school from the Board or its designee; and

5. Agreed in writing with that person’s parent and the Board or its designee to meet annually until that person’s 17th birthday to review that person’s educational needs. When the request to be excused from school has been denied pursuant to this paragraph, the student’s parent may appeal to the Commissioner; or

C. A person who has matriculated and is attending an accredited, post-secondary, degree-granting institution as a full-time student. An exception to the attendance in public school under this paragraph must be approved by the Commissioner.

Alternatives to Attendance at Public Day School

A. Equivalent instruction alternatives are as follows:

1. A person shall be excused from attending a public day school if the person obtains equivalent instruction in:

   a. A private school approved for attendance purposes pursuant to 20-A MRSA § 2901;

   b. A private school recognized by the department as providing equivalent instruction;

   c. A home instruction program that complies with the requirements of 20-A MRSA § 5001-A(3)(A)(4); or

RSU No. 5 School Department
Page 1 of 3
d. Any other manner arranged for by the Board and approved by the Commissioner.

B. A person may be excused from attendance at a public day school pursuant to 20-A MRSA § 5104-A (other public or private alternative programs) or § 8605 (student attendance in adult education courses).

Credit for Attendance at a Private School

A student shall be credited with attendance at a private school only if a certificate showing the name, residence and attendance of the person at the school, signed by the person or persons in charge of the school, has been filed with the school officials of the administrative unit in which the student resides.

Discontinuation of Home Instruction

If the home instruction program is discontinued, students of compulsory school age must be enrolled in a public school or an equivalent instruction alternative as provided for by law. The receiving school shall determine the placement of the student. At the secondary level, the principal of the receiving school shall determine the value of the prior educational experience toward meeting the standards of Maine’s system of Learning Results.

Excusable Absence

A person’s absence is excused when the absence is for the following reasons:

A. Personal illness;

B. An appointment with a health professional that must be made during the regular school day;

C. Observance of a recognized religious holiday when the observance is required during the regular school day;

D. A family emergency;

E. A planned absence for a personal or educational purpose that has been approved;
F. Education disruption resulting from homelessness, unplanned psychiatric hospitalization, unplanned hospitalization for a medical emergency, foster care placement, youth development placement or some other out-of-district placement that is not otherwise authorized by either any individual education plan or a superintendents’ student transfer agreement. “Education disruption” does not apply to a student who is out of school for 10 or more consecutive school days as a result of a planned absence for a reason such as a family event or a medical absence for planned hospitalization or recovery.

Parents are responsible for the school attendance of students who are under 17 years of age. The Board shall work with families in an effort to ensure compliance.

Secondary school students 20 years of age or more will only be admitted to the school unit with prior Board approval.
