Finance Subcommittee Report

Date: April 16, 2020
Committee: Finance Committee
Chair: Kate Brown
In attendance: Kate Brown, Michelle Ritcheson, Jeremy Clough, Ann Cromer
Guests: Dr. Becky Foley
Meeting Date: April 8, 2020

Agenda Items and Discussion:

Review Motions for the Board Agenda on April 29th regarding the budget:
The Committee reviewed motions prepped for the budget signing meeting. The Committee discussed the
timeline and made adjustments based on learning that the election date when we usually hold our
referendum has definitely been moved back by the State to July 14th. As a result, the Committee mapped out
that the signing of the warrants by the Board will be on May 27th, the Annual Budget Meeting will be on
June 17th and the referendum will be on July 14th.

Cost Sharing Next Steps:
Dr. Foley will contact one of the top prospects for the consultant position and interview him in May
hopefully. If the meeting goes well, she’ll discuss next steps directly with the Board.

New Positions in the FY 21 Budget:
Dr. Foley wanted to discuss her thinking on the new positions to make sure the Committee agreed with her
thinking. By July 1st, we won’t have a new budget for the first time, but there are certain positions that she
thinks are critical to keep and wants to go ahead with advertising. If we are operating until the old budget,
there will be savings under transportation since we will have many few lease payments due. The Committee
considered not hiring more than the contingency could cover. Dr. Foley will investigate if educators move
up steps although the budget is frozen, or if they are paid retroactively after the budget passes and she will
investigate with the attorneys.

Other:
The Committee reviewed the draft warrants from the attorneys, and the draft reconciliation Ann had created.
In the process they found that the order of the first 11 warrants needs to be adjusted. Ann will correct, adjust
the dates, and reshare with the Committee.

Kevin shared with Michelle that board terms continue until elections are held. Ann will investigate what
happens with town assessments in the period before the budget is passed.

BOARD OF DIRECTORS COMMUNICATIONS WITH STAFF

The Board of Directors recognizes that discussion of educational issues is vital to the development of a world-class education system fulfillment of our mission. All members of the organization and larger community share a common and basic responsibility – the education and welfare of the children in the schools. The Board values communication about these general and global educational responsibilities. The Board values communication about educational responsibilities and also recognizes that there must be a clear communication protocol in place to resolve specific issues for an efficient school system.

Board of Directors and Superintendent

The relationship of the Board of Directors and the superintendent can best be described as one of teamwork. They must function cooperatively as some of their functions are not readily separable. However, the primary functions are separable and should be clearly understood by each. The Board of Directors is the legislative body of the school unit. It exercises its mandated management of the schools through the formation of policies.

The superintendent is the executive officer of the Board of Directors and the chief administrative officer. The Board of Directors recognizes this and wishes to make this clear to all staff members and to all citizens.

All communications or reports to the Board of Directors, or to any sub-committee of the Board, from principals, supervisors, teachers, or other employees shall be submitted through the superintendent.

Board of Directors and Principal

The school principal has no direct administrative relations with the Board of Directors. His/her relations to the Board are through the superintendent, for the Board of Directors recognizes that the superintendent is the person to whom it must look for professional leadership within the schools. A spirit of cooperation and mutual helpfulness must prevail between the superintendent and the principal if the best results are to be realized. For instance, the principal and the superintendent must cooperate in the selection of school staff because the principal is in the best position to know the kind of person needed for a particular type of service in the school. However, the principal must make recommendations to the superintendent and not to the Board of Directors. At all times the principal must remember that all matters which require Board action must be presented to the Board by the superintendent.

Board of Directors and Teachers

The relationship of the teacher to the Board of Directors is indirect. The teacher is directly responsible to the principal and through him/her to the superintendent, and
then to the Board of Directors. However, this does not mean that the teacher does not have access to the superintendent or to the Board. Conditions may arise when direct access may be obtained through established communication channels.

BULLYING

The Board believes that bullying, including cyberbullying, is detrimental to student well-being and to student learning and achievement. It interferes with the mission of the schools to educate their students and disrupts the operations of the schools. Bullying affects not only students who are targets but also those who participate in and witness such behavior.

Bullying Prohibited

Bullying, including “cyberbullying,” is harassment and sexual harassment are not acceptable conduct in RSU5 and is prohibited.

Retaliation for the reporting of incidents of such behavior is also prohibited.

In adopting this policy, it is not the Board’s intent to prohibit students from expressing their ideas, including religious, political and philosophical views that may offend the sensibilities of others, or from engaging in civil debate. However, the Board does not condone and will take action in response to conduct that directly interferes with students’ rights at school under applicable laws or with the educational mission, operations, discipline or general welfare of the schools.

BULLYING – ADMINISTRATIVE PROCEDURE

This procedure is intended as guidance for school administrators in carrying out their responsibilities when bullying is alleged to have occurred. It provides important definitions as well as steps for reporting, investigating and responding to allegations of bullying.

Bullying behavior alleged to be based on race, color, ancestry, national origin, sex, sexual orientation, religion or disability should be addressed under the procedures set forth in the Student Harassment and Sexual Harassment procedure, ACAA-R, rather than under this procedure.

Definitions

The following terms are defined in Maine law (20-A MRSA § 6554):

--- Bullying

“Bullying” includes, but is not limited to, a written, oral or electronic expression or a physical act or gesture or any combination thereof directed at a student or students that:

A. Has, or a reasonable person would expect it to have, the effect of:

1. Physically harming a student or damaging a student’s property; or

2. Placing a student in reasonable fear of physical harm or damage to his/her property;

B. Interferes with the rights of a student by:

1. Creating an intimidating or hostile educational environment for the student; or

2. Interfering with the student’s academic performance or ability to participate in or benefit from the services, activities or privileges provided by the school; or

C. Is based on:

a. A student’s actual or perceived characteristics identified in 5 MRSA § 4602 or 4684-A (including race; color; ancestry; national origin; sex; sexual orientation; gender identity or expression; religion; physical or mental disability) or other distinguishing personal characteristics (such as socioeconomic status; age; physical appearance; weight; or family status); or

b. A student’s association with a person with one or more of these actual or perceived characteristics or any other distinguishing characteristics;

and that has the effect described in subparagraph A. or B. above.
Cyberbullying

"Cyberbullying" means bullying through the use of technology or any electronic communication, including but not limited to, a transfer of signs, signals, writing, images, sounds, data or intelligence of any nature transmitted by the use of any electronic device including, but not limited to, a computer, telephone, cellular telephone, text messaging device or personal digital assistant.

For the purpose of this policy, bullying does not mean mere teasing, put-downs, "talking trash," trading of insults, or similar interactions among friends, nor does it include expression of ideas or beliefs so long as such expression is not lewd, profane or does not interfere with students' opportunity to learn, the instructional program or the operations of the schools. This does not preclude teachers or school administrators from setting and enforcing rules for civility, courtesy and/or responsible behavior in the classroom and the school environment.

The determination whether particular conduct constitutes bullying requires reasonable consideration of the circumstances, which include the frequency of the behavior at issue, the location in which the behavior occurs, the ages and maturity of the students involved, the activity or context in which the conduct occurs, and the nature and severity of the conduct.

Retaliation

"Retaliation means" an act or gesture against a student for asserting or alleging an act of bullying. "Retaliation" also includes reporting that is not made in good faith on an act of bullying (i.e., the making of false allegations or reports of bullying).

School Grounds

"School grounds" means a school building; property on which a school building or facility is located; and property that is owned, leased or used by a school for a school-sponsored activity, function, program, instruction or training. "School grounds" also includes school-related transportation vehicles.

Alternative Discipline

"Alternative discipline" means disciplinary action other than suspension or expulsion from school that is designed to correct and address the root causes of a student’s specific misbehavior while retaining the student in class or school, or restorative school practices to repair the harm done to relationships and persons from the student's misbehavior.

Bullying Reports

Students and Parents/Guardians

Students who believe they have been bullied, or who have witnessed or learned about an act of bullying should report this behavior to the building principal.
Parents/guardians may report bullying on behalf of their children or when they have witnessed or are aware of the occurrence of bullying.

Reports of bullying may be made anonymously, but no disciplinary action shall be taken against a student solely on the basis of an anonymous report.

Any student who has been determined to have knowingly made a false report of bullying will be subject to disciplinary consequences.

No disciplinary action shall be taken against a student unless the report has been substantiated.

School Employees

For the purposes of this procedure, “school employees” includes coaches, advisors for cocurricular or extracurricular activities and volunteers.

All school employees are expected to intervene when they see acts of bullying in progress and are required to report incidents of bullying they have witnessed or become aware of to the building principal as soon as practicable.

School employees who fail to report bullying or who have made a false report of bullying will be subject to disciplinary consequences up to and including termination, in accordance with any applicable collective bargaining agreement.

Others

Contractors, service providers, visitors or community members who have witnessed or become aware of bullying are encouraged to report such incidents to the building principal.

Form of Reports

Complaints or reports of bullying may be made orally or in writing, but all reports will be recorded in writing by school personnel authorized to receive complaints or reports, using the school unit’s reporting form (JICK-E1).

School employees are required to make reports of bullying to the principal in writing. Although students, parents and others, as identified above, may make bullying reports anonymously, all persons reporting incidents of bullying are encouraged to identify themselves.

Bullying reports may be made anonymously, but in no instance will action be taken against any person or organization affiliated with the schools solely on the basis of an anonymous report.

The building principal will forward a copy of the report to the Superintendent by the end of the next school day.
Interim Measures

The building principal may take such interim measures as he/she deems appropriate to ensure the safety of the targeted student and prevent further bullying and will inform the parents of the targeted student of measures taken.

Investigation

The principal will ensure that all reports of bullying and retaliation are investigated promptly and that documentation of the investigation, including the substance of the complaint or report and the outcome of the investigation is prepared and forwarded to the Superintendent within a reasonable period of time.

The determination of whether particular conduct constitutes bullying requires reasonable consideration of the circumstances, which include the frequency of the behavior at issue, the location in which the behavior occurs, the ages and maturity of the students involved, the activity or context in which the conduct occurs, and the nature and severity of the conduct.

Response to Bullying by Students

If bullying has been substantiated, the building principal or designee as appropriate under the circumstances will determine the appropriate disciplinary consequences, which may include detention, suspension or expulsion; alternative discipline; remediation; and/or other intervention.

Alternative discipline includes but is not limited to:
In order to remediate any substantiated incident of bullying to counter the negative impact of the bullying and reduce the risk of future bullying incidents, the principal may consider the following alternatives, which include but are not limited to:

A. Meeting with the student and the student’s parents;

B. Reflective activities, such as requiring the student to write an essay about the student’s misbehavior;

C. Mediation when there is mutual conflict between peers, rather than one-way negative behavior, and when both parties freely choose to meet;

D. Counseling;

E. Anger management;

F. Health counseling or intervention;

G. Mental health counseling;
H. Participation in skills building and resolution activities, such as social-emotional, cognitive skills building, resolution circles and restorative conferencing;

I. Community service; and

J. In-school detention or suspension, which may take place during lunchtime, after school or on weekends.

If the bullying behavior appears to be a criminal violation, the building principal will notify local law enforcement authorities.

If bullying has been substantiated, the building principal will provide written notification to:

A. The parents/guardians of the targeted student, including the measures being taken to ensure the student’s safety; and to

B. The parents/guardians of the student found to have engaged in bullying, including the process for appeal.

All communications to parents must respect the confidentiality of student and employee information as provided by federal and Maine law and regulations.

Appeals

Any appeal of the building principal’s decisions in regard to consequences for bullying must be submitted, in writing, within 14 calendar days of the parental notification. The Superintendent will review the investigation report and actions taken and decide whether to sustain or deny the appeal. The Superintendent’s decision shall be final.

SPONSORSHIP AND EVALUATION OF ATHLETIC PROGRAMS

It is the Board’s desire to offer Regional School Unit No. 5 students athletic programming that provides diverse, developmentally appropriate opportunities and encourages student participation. At the same time, the Board recognizes that resources may not be available to fund all of the sports in which students and the community have an interest. In order to provide students with meaningful athletic experiences while maintaining high quality, sustainable programs, the Board adopts this policy governing sponsorship and evaluation of the school unit’s athletic programs.

Through sponsorship, the school unit assumes responsibility for, and control of, a particular athletic program. Sponsorship requires Board approval. The school unit assumes responsibility only for those interscholastic athletic programs the Board has designated as school-sponsored.

The Board will approve for sponsorship only those programs that are consistent with its philosophy and policies and with regulations established by the appropriate governing bodies, including the Maine Principals’ Association (which refers to its regulations as “policies”). Sponsorship does not mean that funding will be provided in whole or in part through the school unit’s budget. Sponsorship is required even for activities that may be funded in full by booster organizations.

Sponsorship is required before any team may represent itself using the school name, to be eligible for league play and tournament participation, or to be eligible for school athletic awards.

The Board establishes the following process for the approval and evaluation of athletic programs.

A. CRITERIA FOR APPROVAL AND EVALUATION OF ATHLETIC PROGRAMS

The Athletic Director shall be responsible for developing a process for evaluating potential athletic programs and assessing the viability of existing programs. The process shall take into consideration the following factors, which shall be applied consistently to all programs:

1. Student body interest;
2. Community support;
3. Gender equity;
4. Impact on facilities;
5. Impact on existing programs;
6. Impact on administration and staff;
7. Expenses;
8. Availability of competition;
9. Potential to field competitive teams;
10. Alignment with Board philosophy and policies; and
11. Availability of funds, consideration of extraordinary costs (e.g., rental of facilities, transportation, specialized equipment), and other relevant data including Booster support.

The process should include a method for weighting and rating these criteria for comparison purposes.

B. APPROVAL OF NEW ATHLETIC PROGRAMS

The Athletic Director shall be responsible for making and supporting recommendations during the budget development process prior to the proposed starting date. Recommendations are to be made based on data from the evaluation process.

The Board may impose conditions that must be met for the program to be approved.

Following initial approval, new programs will be placed on a two-year probationary status.

At the conclusion of the probationary period, the Athletic Director must submit recommendations for continued approval. The Board may provide for continuing approval, deny approval, or extend the probationary status for one additional year. Probationary status shall not exceed two years.

All new athletic programs must be approved by the Board in advance through the budget approval process. The Athletic Director shall be responsible for making and supporting recommendations for all new MPA cooperative teams, individual agreement requests, and new interscholastic athletic programs during the budget development process prior to the proposed starting date.

C. EVALUATION OF EXISTING OR ONGOING SCHOOL-SPONSORED ATHLETIC PROGRAMS

Every athletic program will be reviewed on an “as needed” basis or when directed by the Board.

The purpose of evaluation is to ensure that all existing or previously approved programs continue to meet the standards and criteria established by the Board.

The evaluation of existing or ongoing approved programs will be done using the same process used to assess proposed programs.
Based upon the data, the Athletic Director shall make a recommendation to the Superintendent as to whether a program should continue or be deleted. The Board may decide not to fund or vote to eliminate any program that it deems no longer sustainable or in keeping with Board philosophy, standards or criteria.

D. DELEGATION OF AUTHORITY

The Superintendent may appoint a program evaluation or review committee to perform evaluations of proposed and existing athletic programs. Any such committee must have balanced representation including the Superintendent and/or Athletic Director, a high school administrator, a middle school administrator, coaches, parents and students. Any such committee will use the process for program evaluation.

The committee shall be advisory to the Board. While it may make recommendations to the Board, the Board retains full authority over RSU5 athletic programs.
