V. ASSESSMENT OF CURRENT WORKFORCE: UTILIZATION ANALYSIS

RSU No. 5 shall periodically assess the numbers of minorities, women and persons with disabilities in its workforce, and determine where imbalances exist. Such assessment will determine whether there is underutilization of a particular gender or minority, or of persons with disabilities in different job categories in the district.

The term “underutilization” is defined by the Office of Federal Contract Compliance as having fewer minorities or women in a particular job classification than would reasonably be expected by their availability in the job market where an employer can reasonably expect to recruit new employees. In determining whether underutilization in the workforce exists, RSU No. 5 shall consider relevant local workforce statistics, the school department’s workforce profile, the nature and validity of its job classifications, and the number, frequency and category of vacancies.

VI. GOALS, PROCEDURES, AND TIMETABLES

If an assessment determines that imbalances exist in the RSU No. 5 School Department’s workforce with respect to numbers of minorities, women and persons with disabilities, the district will develop realistic goals for necessary action and related procedures and timetables for correcting such imbalances.

The following goals, procedures, and timetables have been adopted to increase the representation of minorities, women and disabled at all levels and in all segments of RSU No. 5’s workforce where imbalances exist:
